

Bir eylemi başkasına yaptırdığımızı ifade etmek için “ettirgen” cümleler kullanırız.

İngilizcede ettirgen cümle kurmak için birçok farklı fiil kullanılabilir fakat en yaygınları **make**, **have** ve **get** fiilleridir. Bunlara ek olarak **let**’i de ettirgenlerle kullanabiliriz.

Yapıları aynı olmasına rağmen, anlamları farklı şeyler ima edebilir:

make: zorla yaptırmak, ricaen

have: parayla yaptırmak (servis)

get: ikna ederek yaptırmak

Structure / Yapısı

1) ACTIVE

Subject / özne	make	somebody	V1	something
Subject	have	somebody	V1	something
Subject	get	somebody	TO V1	something

I had the hairdresser cut my hair.

I made my sister clean my room. = Kardeşime odamı temizlettirdim.

I will have the secretary prepare the reports. =

I get my son to eat healthy foods. = Oğluma sağlıklı yiyecekler yedirtirim.

They make me go out.

I will make my dreams come true. =

Herhangi birine yaptıracağımız işleri ifade ederken kullanabileceğimiz yapılar yukarıdaki gibidir. Ettirgen ifadeyi vermek için *have, make* ya da *get* kullanabilirsiniz.

Make ve *have* fiillerinin ardından fiil yalın, birinci haliyle gelirken *get* 'ten sonra fiil, to + V1 şeklinde takip eder. Zaman vurgusunu cümleye ettirgen anlam katan *make, have, get* fiilleri üzerinden yapıyoruz. Geçmiş ya da gelecek, hangi zaman olacaksa o yapıyı bu fiillerde uyguluyoruz.
